What Is Covered

Karastan warrants that the surface pile of this carpet will resist stains from all domestic pets, including vomit, urine or feces, for the life of the carpet from the original date of installation. If the above mentioned stains are saturated and result in wicking, these stains will release with additional recleaning for the life of the carpet from the original date of installation. (Wicking is defined as a reappearance of previously cleaned stains due to liquid remaining in carpet backing or padding.) If permanent staining should occur that cannot be removed using recommended methods by a certified carpet care professional, Karastan will handle such claims as stated in the Karastan's Limited Liability section of the Karastan Full Warranty Guide.

What Is Not Covered

Specifically excluded from this warranty are stains or damage caused by any vomit, urine or feces from sources other than domestic pets. This warranty applies only to carpet manufactured with specific above mentioned fibers and not to any other product.
